

A Better Way to Pay Your Trade Partners Starts with Built

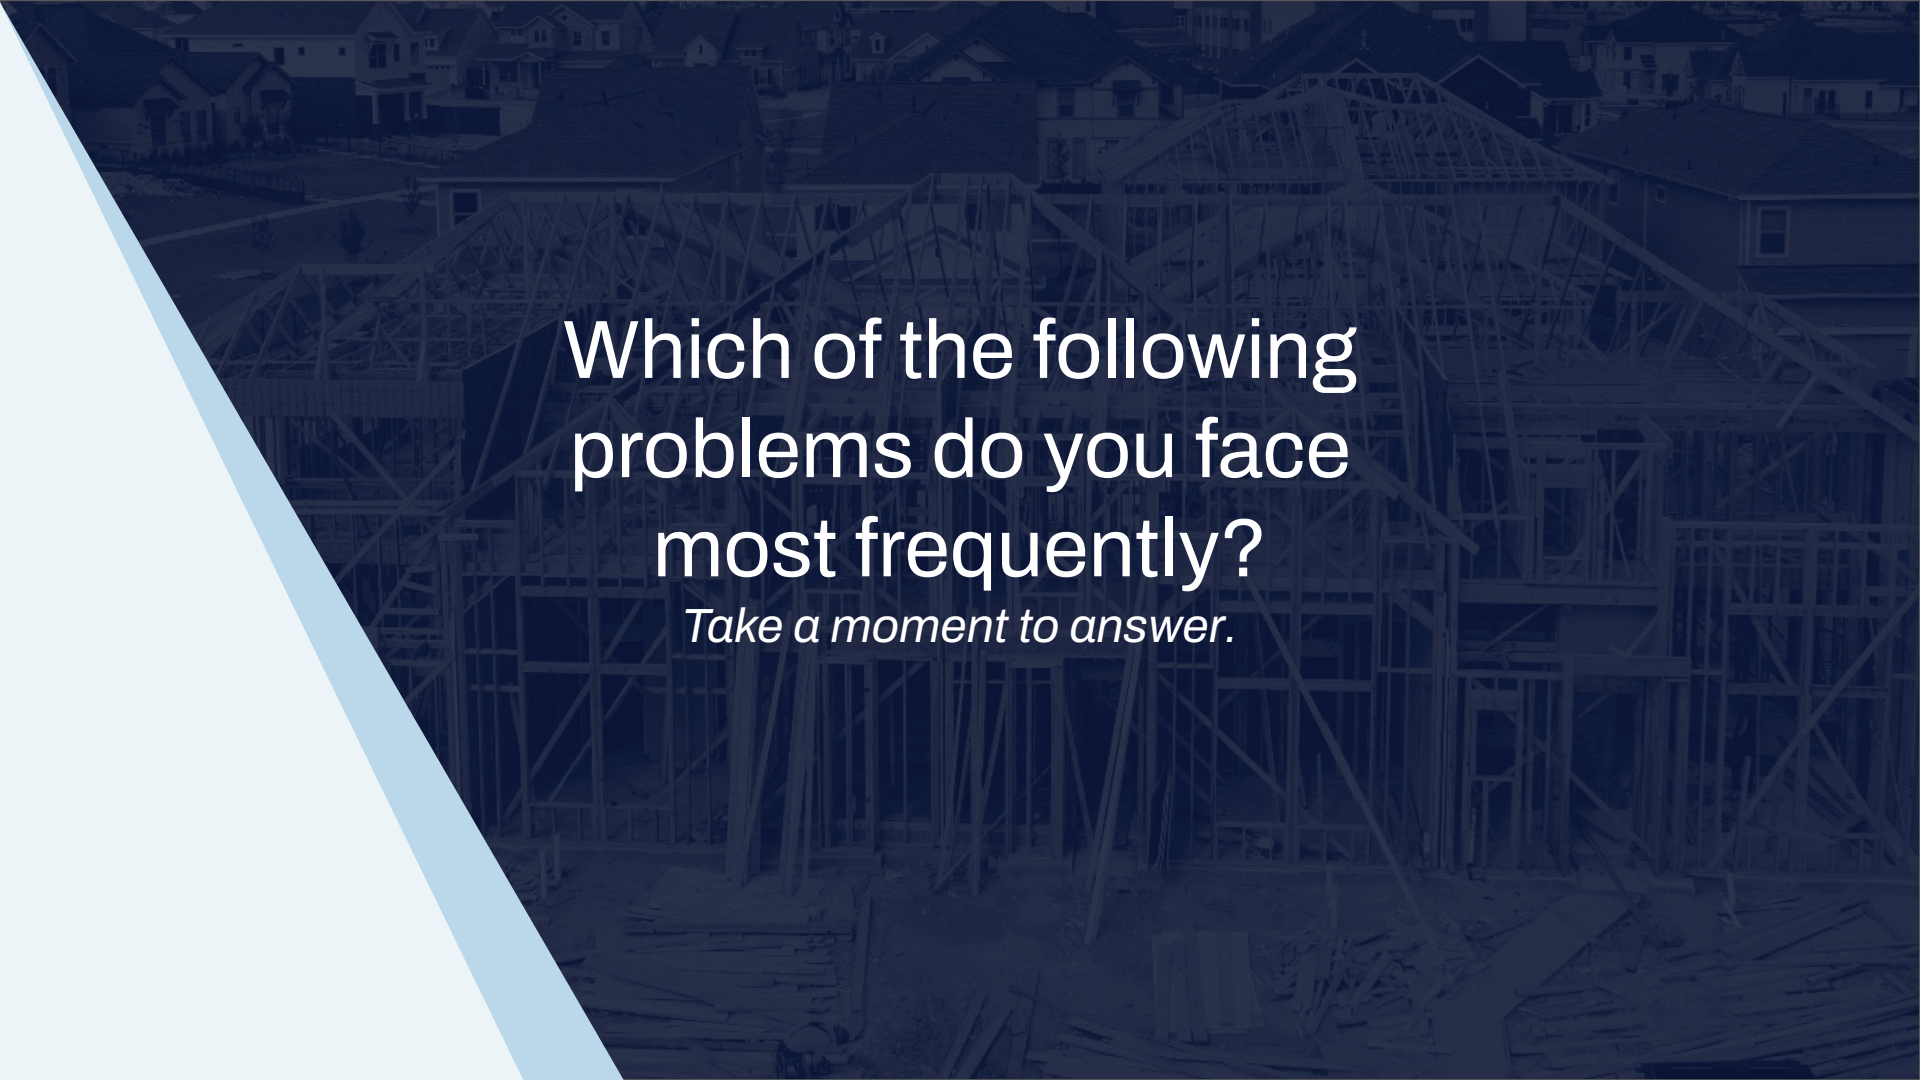

Built streamlines documentation, simplifies payment, reduces risk, and ultimately accelerates building for construction professionals—all from one central platform.

Protect Profit Margins and Reduce Risk With Contracting Partners

Chris Boyd
*VP of Product
Built for Construction*

The main problem: Slow & inefficient workflows

Which of the following
problems do you face
most frequently?

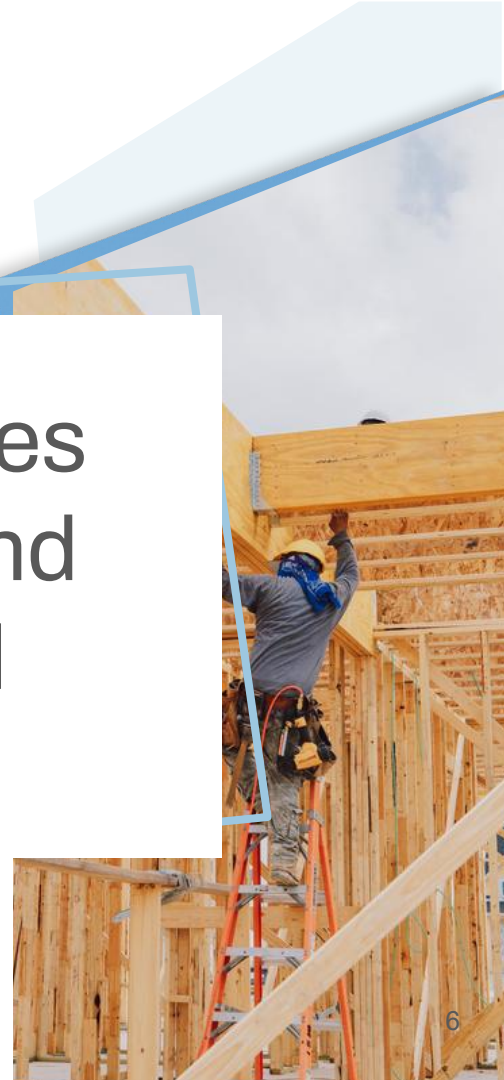

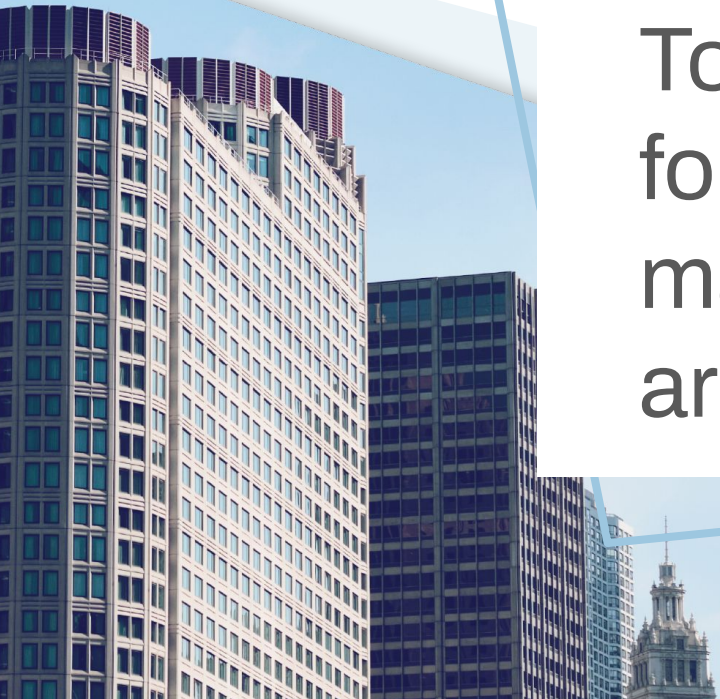

Take a moment to answer.

Built is fixing **lending *and* spending** for the entirety of the **construction finance ecosystem**—and simultaneously providing services that enable all **stakeholders *in a* construction project** to get the job done **faster *and* more efficiently** than ever before.

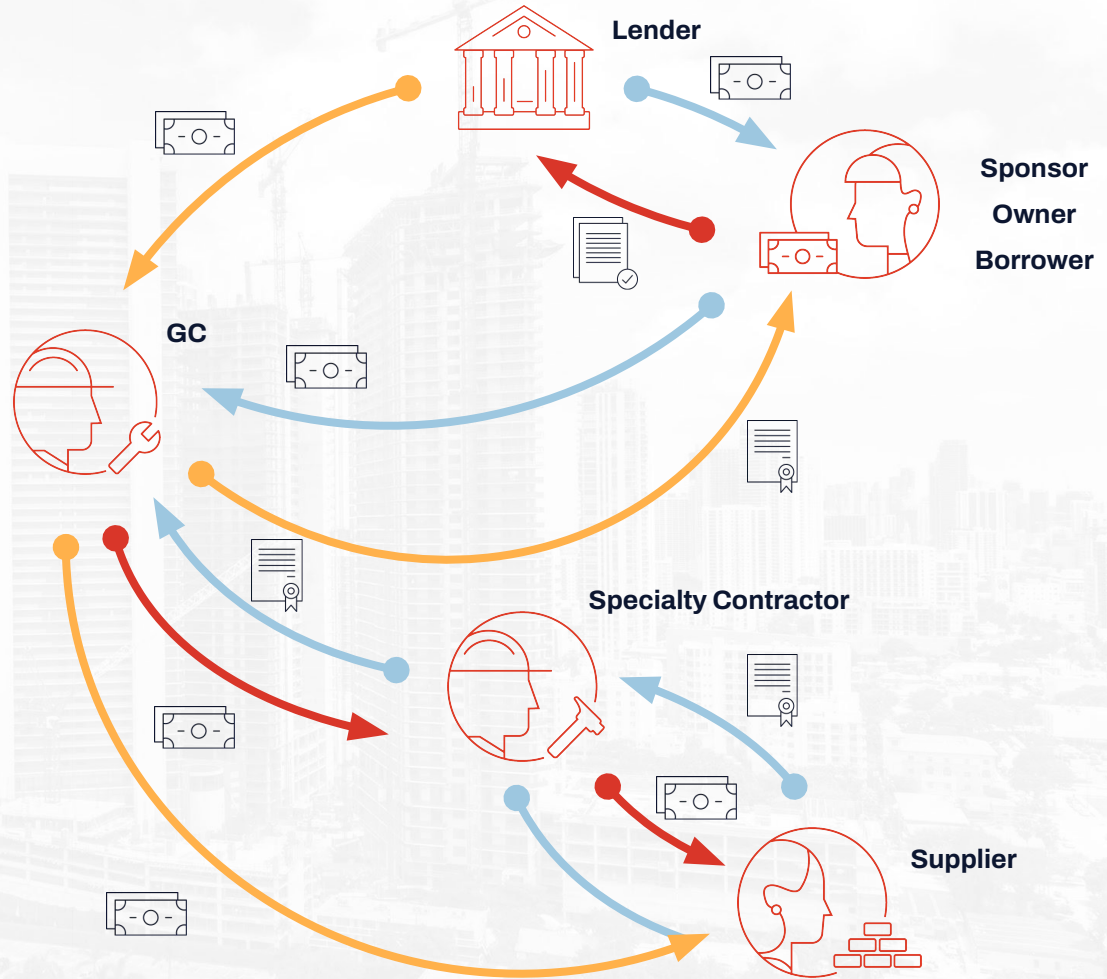

Mission

To improve outcomes
for those building and
managing the world
around us

Money movement
during construction
is complicated and
multi-layered.

Problem

1

Contractor selection is inconsistent & time-consuming.

Problem

2

Compliance tracking is manual & requires a lot of oversight.

Problem

3

Contractors don't know what they need to do to get paid & where it's at in the process.

Problem

4

Contractors and suppliers want to choose how they get paid & checks are expensive.
